

OPEX generators...

Making power all day, every day.

OPEX Generator Sets, new from Opal - Simplistic but robust construction combined with straightforward operation and fuel-efficiency, enable OPEX Generator Sets to offer reliable, low-maintenance and economical power, day in and day out. Manual starting capabilities coupled with low cost parts and repairs also mean you'll never find yourself alone in the dark, or out of pocket.

OPEX Diesel Engines, Generator Sets and Water Pump Sets are the products of Opal Auto Industries based in Pragwara, Northern India, at the foot of the Himalayas.

The Opal Corporation was established in 1989 and currently exports its products to 15 countries.

It has been the recipient of many prestigious awards including a National Award for Outstanding Entrepreneurship, Export Excellence and India Engineering Export Award.

The company is also the manufacturer of ISI Diesel Engines used very successfully in domestic Agricultural, Industrial and Marine applications in India.
